

Have YOUR say!

Monday 23rd May – Monday 4th July 2016

We are consulting on the policies and site allocations set out in the **LOCAL PLANNING DOCUMENT**. The Local Planning Document will shape future development in Gedling Borough by identifying sites for new homes, jobs, and infrastructure up to 2028.

As well as providing land for new homes, the plan protects existing areas of employment, retail, community facilities, recreation and open spaces, nature conservation and heritage. The plan contains detailed policies to bring forward land for development and to help in the day to day assessment of planning applications.

The map below shows the main policies and site allocations in **NEWSTEAD** and we would like YOUR views and comments.

Detailed information on the Local Planning Document and guidance on how to make comments is available:

- electronically by visiting <https://consultplanningpolicy.gedling.gov.uk>
- from the Civic Centre in Arnold, from libraries in Gedling Borough, or Newstead Centre (can be open early evening by appointment).

For further information, please contact the Planning Policy Team at Gedling Borough Council: planningpolicy@gedling.gov.uk or 0115 901 3733/3734.
