

Calling riders of all illegal off road bike's.....Eventually we will catch you.

On their way to be CRUSHED!!!

Dear Residents of Newstead,

Firstly, let me introduce myself. I am PC 3369 Kulvinder Dosanjh the new Beat Manager for Newstead Village.

I am fully aware that mini motor bikes and quad bikes that are not road legal are causing an issue in the area by riding around the streets and also the wooded areas.

My team and I are committed to dealing with the issue.

On Thursday 25th June we seized the above 2 quad bikes which we first saw in Newstead Village but the riders made off into Annesley Forest. With luck on our side we managed to catch them coming out the other side onto the A611.

Both bikes were seized and both will now be crushed. The riders have been reported for the offence of No Insurance and will be going to court as well as their bikes being crushed.

We will continue to do what we can and catch the individuals who want to ride these bike's illegally. It is not easy to catch them but as with these ones we will get them off the road eventually.
